# TRANQUIL ECOCORE

Supplied by Om Sales Corporation, Secunderabad

Om Sales Corporation is a wholesale supplier of interior-design materials in Hyderabad, established in 2015. We supply interior designers, architects, contractors, modular manufacturers and homeowners across Hyderabad and Secunderabad with premium interior surfaces and panels at genuine trade rates. Our catalogue spans 30+ categories: Corian-type acrylic solid surfaces, translucent Alabaster, mosaic and cork tiles, charcoal and decorative panels, acrylic and PVC laminates, PVC and MDF boards, WPC/PVC doors, plywood, blockboard and veneers. Specialty lines like translucent Alabaster and fluted acrylic panels are rare to source locally. One trusted source for your entire material list. Samples on request. WhatsApp +91 98666 07766.

A durable and versatile product, Tranquil ECOCORE is made of 100% PET fiber. It is bonded using heat, instead of traditional chemical binders which ensures that it is naturally resistant to fire, moisture, vermin, insects, mould and bacteria. These world class panels not only serve as acoustic panels but also as thermal insulations. They are so versatile that they can be used as bare panels if required.

Tranquil ECOCORE also has a range of BAFFLES & CLOUDS. Tranquil ECOCORE Baffles & Clouds are generally used in large open areas. They come with impregnated bolts used for hanging them vertically or horizontally from the ceiling.

## ECOCORE PET Panels Acoustical Systems

### SPECIFICATION

- Thickness: 9mm, 12mm and 25mm
- Maximum dimensions : L-2.44m W-1.22m / L- 2.74m W-1.22m Density
- Kg/m<sup>3</sup> ( +/- 10%): 9mm: 200 Kg, 12mm: 190 Kg, 25mm: 120 Kg
- Composition: 100% Polyester Core
- Colors: 148 colors
- Warranty: Warranted against workmanship and manufacturing defects for 2 years from date of purchase
- Fire Rating: Class "A" and Class "B" as per ASTM E - 84 Tunnel Test
- Mounting Method: Glued to the wall with or without air gap using adhesive

## ECOCORE Perforated Panels

Tranquil Ecocore Perforated Panels add colour, design and modulated visibility to any space. These panels can be used as Perforated Hanging Panels to define space, control light and provide varied degrees of privacy as well as these can be used as perforated wall panels. Available in multiple colors, perforated hanging panels are compatible with hanging panel track or hanging frame. These panels are ideal choice as hanging panels due to its softness, thickness and free hanging system without any backing and additional support. This enables a modern screening system.

### SPECIFICATION

- Width: Up to 1200 mm.
- Thickness: 9/12/25 mm.
- Colors: Wide choice of colors.
- Height: Customised to requirement.
- Naturally repels Soiling and Moisture.
- Thermal and Acoustic insulating properties.
