ACRYLIC SOLID SURFACE

HI-MACS AURORA

Aurora — Marmo Collection

Supplied by Om Sales Corporation

Om Sales Corporation is a wholesale supplier of interior-design materials in Hyderabad, established in 2015. We supply interior designers, architects, contractors, modular manufacturers and homeowners across Hyderabad and Secunderabad with premium interior surfaces and panels at genuine trade rates. Our catalogue spans 30+ categories: Corian-type acrylic solid surfaces, translucent Alabaster, mosaic and cork tiles, charcoal and decorative panels, acrylic and PVC laminates, PVC and MDF boards, WPC/PVC doors, plywood, blockboard and veneers. Specialty lines like translucent Alabaster and fluted acrylic panels are rare to source locally. One trusted source for your entire material list. Samples on request. WhatsApp +91 98666 07766.

New Aurora Colours

From the Marmo Collection

Solid Surface Material

BECAUSE
QUALITY
WINS

Aurora Colours

Inspired by the breathtaking natural beauty of the Aurora Borealis or Northern Lights, the Aurora colour palette from the HIMACS Marmo Collection evokes marble-like aesthetics with subtle and strong shades alongside delicate and detailed veining. The tones echo the fluidity of the sky and its natural wonders with semi-translucent effects that allow designers to experiment with a play on light, bringing natural beauty into their interior projects and clients' homes. Now HIMACS has introduced 12 new Aurora Colours to the Marmo series, expanding the versatility of this collection even further.

Combining practicality and aesthetics with the beauty of nature and the benefits of the latest generation solid surface HIMACS, this non-porous material can be thermoformed to create curvaceous designs and seamless surfaces that are simple to repair and keep clean. The collection is suitable for both residential and commercial projects, including hotels, office spaces, retail environments and more. Highlights of the new Aurora Colours include Calacatta Luna with its distinct veining and Aurora Frost with ethereal semi-translucent properties, resulting in an updated collection with something for every scheme and every design aesthetic.

The HIMACS Marmo collection

Marmo *Aurora Colours*

Random natural texture, reminiscent of the Northern Lights. The interplay between brightness and structure gives rise to calm and relaxation.

≈ Marmo is a randomly veined product, specific fabrication guidelines need to be followed. Ask your sales partner for more information

🕯 Colours with this mark have a semi-translucent effect, evident when combined with light sources.

The HIMACS Aurora colors are available from stock in the standard format 3680 x 760 mm.

★ The basic HIMACS material is identical for every colour but it is important to note that darker and more heavily pigmented colours will show dust, scratches, haziness, marks left by hard water and other ordinary wear and tear more noticeably than lighter textured colours. Therefore colours marked with a ★ are less suitable for applications that are exposed to extensive surface contact such as worktops located in heavy traffic area.

Please contact us for further information.

HIMACS. Because Quality Wins.
